Adrienne's earliest encounter with Spirits began at age 6 when she saw a Shadow Person (the perception of a patch of shadow as a living, humanoid figure, and interpreted as the presence of a spirit or other entity). Despite being told "that was just a dream" her enthusiasm and curiosity developed into a true passion/purpose. She has always held the Spirit Realm with much reverence and love, and in it are the "Guides" and Angels that walk by our sides daily.

Adrienne's training began back in the early 1980's from an eclectic group of healers. She received instruction on Astral travel, Protection, and Spirit Guides from her friend Jade Wahoo, Shaman. Approximately 7 years ago she began her formal Mediumship training with Debbie Hamilton. Adrienne and has been a professional Medium since that time.

Her professional practice began several years ago teaching and guiding friends and clients in meditations and the development of their spiritual understanding of the universe, and tools to navigate it. Teaching others about them and how to access them and speak with them is one aspect that brought her joy early on. It still does and is still fulfilling, as her passion for Intuitive Energy Readings and Mediumship are most of what she uses in service to others.
