Near Death Experience Panel with Pamela DeAngelis, Virginia Lee, Jack Housden, Lucy Clark and Emy Shanti

Five people volunteered to speak on our NDE (Near Death Experience) Panel this December. Three of our speakers live here in Laguna Woods Village and two are members of our Life After Life Club.

Pamela DeAngelis

Having cheated death many times over her 81 years of life including a near death experience. She died on the operating room table more than 40 years ago. Pamela realized we all have a blue print and timeline for our life here on earth. She now works as a psychic medium.

Virginia Lee

When Virginia was 30, she contracted a strep infection which settled in her heart. That's when she died for 4 minutes and had an NDE. Her NDE changed her life dramatically. Because she was given a "second chance", she tries to live her life by with gratitude for the time she has been given.

Jack Housden

Born April 17, 1941 in Okanogan, WA into a poor family of 6 of apple orchard laborers. Graduated from Oregon State University with a BS in Mathematics and Master of Education. He received a Doctor of Education degree from USC in 1972 in Educational Psychology and has taught hundreds of graduate level courses for over a period of 40 years as an Adjunct Professor at various Universities. Most recently his teaching interests have focused on the emerging field of Spiritual Psychology, leading to the creation of several four-session workshop classes offered by The Center for Spiritual Living of Laguna Woods.

Lucy Clark

Luci is a Spiritual Life Coach with certifications from the Life Purpose institute. She has served as a Spiritual Psychic Medium, Spiritual Leader, Minister, Meditation Teacher and public speaker. A near death experience at age four has led to a life full of mystical experiences. She has experience with previous life recall, clairvoyance, mediumship, psychometry, trance channeling, seeing auras, lucid dreaming, astral projection, remote viewing, animal communication, out of body experiences and getting phone calls from family members to help them find their lost wallets or keys.

Emy Shanti

After a near-death experience that changed the course of her life at the age of 17, Emy Shanti has dedicated her life to sharing spiritual knowledge and helping others in their process of healing and awakening of consciousness. Emy has been guiding Sacred Journeys around the world for more than 20 years and is the founder of Sacred Land Travels. Emy is also the producer of the Hispanic Program at the Conscious Life Expo for over 15 years, and produces various other events dedicated to personal growth and well-being.
