Cris August grew up fascinated, yet frightened, of all things paranormal in nature. Anything from Ghosts to Extraterrestrials or simply anything unexplained. A self-proclaimed 'open minded skeptic' and being the contradiction that he is, he would ultimately end up leading a paranormal research team and operating Orange County's premiere haunted tour & event organization.

Cris, is the leader and director of OC Ghosts & Legends, an organization dedicated to and specializing in anomalous and paranormal research since 2011. He envisioned an organization that allows for all individuals to further explore their own curiosities with the paranormal.

OC Ghosts & Legends investigates many well-known and notorious haunted locations, and continues to work towards identifying “hidden gems” and locations that have yet to be researched and explored. The organization’s team of paranormal specialists investigate privately owned businesses, historical landmarks, and private residences for the presence of the paranormal.

Cris has been featured on three major network TV shows: Travel Channel’s ‘Ghost Adventures’ for the Grand Canyon Caverns and Steam Ferry Berkeley as a consultant behind the scenes and as an eyewitness. As well as ‘Mysteries of The Outdoors’; an episode featuring OCGL’s signature Black Star Canyon. Cris is also participating, appearing and providing support for various other TV series in development.

Cris has a non-secular Bachelor’s Degree for the study of Metaphysical Humanistic Science and Anomalous Research while leading his team on paranormal investigations and running haunted tours & events.
