Laguna Woods Village®

MEMBER NOTICE

ASBESTOS AND LEAD HAZARDOUS MATERIALS

All homes in Laguna Woods Village were constructed in the 1960s and 1970s. At that time, asbestos and lead-containing materials met local codes as well as state and federal regulations. These materials, known to be hazardous, were used extensively throughout many building products.

Asbestos Containing Materials include but are not limited to:

- Ceiling tile
- Floor tile/linoleum and mastic
- Textured wall surfaces
- Stucco & Tex-coat
- Cove Base Mastic
- Transite Panels behind bathroom shower walls
- Sprayed acoustical ceilings & attic overspray
- Fire doors
- Structural fireproofing
- Pipe/boiler insulation
- Attic insulation
- Heating duct material/insulation

Lead Containing Materials include:

- Lead Based Paint
- Lead containing ceramic tiles

Disturbing these hazardous materials without proper safeguards can be hazardous to your individual health, the worker's health and the environment.

Prior to any disturbance of such suspect materials, it is required that they first be tested and categorized by CA-State Certified Asbestos/Lead consultants. Based on such determination based on the levels of lead and asbestos content, the proposed renovation activities may have to be assigned to a contractor specifically licensed for asbestos/lead work in compliance with federal, state and local laws, codes and regulations. Work performed without providing the required documentation may result in exposure, costly cleanup process, legal liability, fines & penalties to the member. Violators also may be reported to CAL-OSHA and EPA/AQMD.

There are major legal consequences and fines set forth by city, state and federal regulations in addition to the legal liability concerning the health effects on contractors and workers conducting the work.

Mutual members and their contractors are required to abide by all applicable federal, state and local laws, ordinances, codes and regulations relating to disturbance, removal, transportation and disposal of asbestos and lead containing materials in their homes, in addition to any requirements set forth by the member's Mutual. Members must check with the Manor Alterations Division at Laguna Woods Village prior to performing any upgrades or renovations to the unit.
