

WALKWAY LIGHTING REQUEST FORM

Walkway lighting is intended to indicate changes in direction or elevation within a walkway—not illuminate a walkway. Requests for additional walkway lighting are considered only at locations where a walkway directional change or elevation change is presently not illuminated. Such requests are submitted for review by Maintenance Services. **Prior to submittal of any such request, this form must be completed in its entirety, including signatures and the appropriate statement of position checked, by all owners of any manor affected by the additional lighting. A map identifying the location of the proposed lighting also must be attached (contact VMS Alterations office for a map of your area or you may use Google maps).**

For additional questions, please call Maintenance Services at 949-268-2050.
