

Silk Screen and beyond Workshop on Sep-27-2022 (Thursday) 1-4PM.

We played silk screening technique based on Mayco instruction sheet and emphasized the purpose of silk-medium usage.

Participants used various silk screen patterns from club supplied and Melody's own collection. Some also go beyond to play with silk screen on special paper, to make your own rice paper transfer pattern. You could use templates, stencil etc to make your own rice paper transfer using this special paper donated by Melody for club use. The usage is endless !

Here are some pictures from the workshop.
