

# Window Display on October-November 2022

The CERAMIC SLIPCASTING STUDIO  
is proud to display the works of the talented artist,  
**Vince Amato**

After his retirement as a Facilities Maintenance Technician from AT&T, Vince and his wife, Mandy, sold the home they built 30 years before on 2 acres in Modjeska Canyon. They downsized and moved into a condo in Laguna Woods Village in 2016.

Soon after their move to the Village, Vince began in the Ceramic Slipcasting Studio and participated in the workshops and demonstrations; both as a student and then teacher. This display shows many of the impressive techniques Vince uses on his ceramic pieces.

He also enjoys, drawing, water color, porcelain china painting & golf.
