

## Dimensional Embellishments Workshop

on Feb/2023 by Bonnie

On Thursday, February 23<sup>rd</sup>, a group of 28 members of the Club enjoyed a demonstration and workshop on dimensional embellishments for pots, vases and other greenware (unfired clay) items.

Presented by our very own talented member Bonnie Baller, the group learned to fashion flowers, feathers and leaves from semi-solid slip (liquid clay) and how to attach these elements to various items.

Below are some *"candid"* pictures of members *"at work"*!
