

PRESIDENT'S MESSAGE AUGUST/SEPTEMBER. 2022

Membership Renewal 2022

Once again it's time for our annual membership renewal. A Mac Club membership corresponds to the calendar year, therefore, all current memberships will expire December 31 of this year. All new and renewing members, starting in September and later, will be active for the rest of this year and all of 2023.

Due to the COVID shutdown and very limited services that we could offer, the club renewed all memberships the past two years at no cost to the member. We have upgraded many features in the lab such as a new teaching TV, state of the art router, and sound system. We have recently partnered with the Orange County Public Library to provide classes on using their website for book borrowing and reading. We hope these steps and the classroom improvements will warrant your renewal.

Come into the lab and a supervisor will assist you in renewing. You can also download the membership form at our website (TheMacClub.org) and bring with you to the lab. The annual fee for single, resident is still the same at \$10 and by renewing you will continue to receive email notices of classes and special events. And as a bonus, we have several great promotional gifts to choose from.

Gene Hollaway
President, Mac Club
