

GARDEN CLUB PRESENTS

Birds of Prey

Thursday, November 9 at 2:00 p.m., Clubhouse One

Presented by Joanne McDermott

Orange County Birds of Prey Center

Please join us for a very informative and exciting presentation by Joanne McDermott, Director of the Center. We will learn about the various birds of prey that we're likely to encounter in and around our gardens, and the roles they play in nature. We will also learn how the Center rehabilitates injured birds and their challenges. We will meet some of the raptors who are imprinted to humans and learn what we can do to prevent injuries to these vitally important birds.

Find out what you can do to help and who to call if you find an injured bird.

Refreshments and a free raffle follow.

Residents and guests are cordially invited to attend.

Members no charge ~ Non-members \$5.00 at the door.

Information: Geneva Benza: 610-428-3775
