

Laguna Woods Archery Club – Globe Submission for November 27, 2025, Publication:

Happy Thanksgiving and best of luck in finding those great Christmas gift deals. How about giving someone an archery adventure if you run out of gift ideas?

The LWAC \$20 membership offers a personal Orientation that covers universal archery range rules and a basic archery lesson. It also provides free and full access to our archery equipment and daily access to the indoor archery range from 1-3PM weekdays and 11AM-1PM weekends. LWAC remains closed for one week during Thanksgiving and Christmas.

On November 15, Oahu hosted the State International RD Archery Tournament at the Waipio Archery Range, a sanctioned NFAA event. The +80 degrees and intense sunshine blessed the shadeless range consisting of twenty targets that were positioned from 20 to 65yds on level, ascending and descending surfaces. Each participant shot three arrows at each target that had four scoring rings: 5, 4, 3 and 2 points with the X circle about the size of a nickel at dead-center. Different from other tournament rules, there was NO time limit, and all archers had to shoot the same 20 targets except for bare recurve and traditional bow shooters. Their farthest distance was 50yds. Non (Hawaii) NFAA members like me participated in the Guest category so our scores were not factored; however, the LWAC was proudly represented in the compound bow category.

Check the LWAC club website (in Laguna Woods Village) or contact anson2@hotmail.com for more information and to start the fun.
